

MONITOR THE INVISIBLE

CBRN THREAT DETECTION

Early warning range of solutions

- Comprehensive product portfolio
- Integrated solutions for both civil & military applications
- Ruggedized instruments for use in harsh operational environment

CHEMICAL

Standoff gas cloud detection camera

Second Sight® MS

- The widest monitored field of view
- Early warning by real-time detection
- Gas X, CWA and TIC cloud visualization
- Detection up to 5 km

BIOLOGICAL

Portable dry cyclonic air sampler for biological warfare agents detection

Coriolis® COMPACT

- Innovative technology compatible with any downstream analysis
- Well adapted to indoor & outdoor collections
- Light & compact for mobile applications
- Programmable collection
- Up to 8 hours of sampling operation

RADIOLOGICAL

Environmental Radiation Monitoring Systems

From sensors to turnkey network solutions

- Suitable for normal & emergency situations
- Liquid, gas & aerosol radiation monitoring
- Complete range of monitors, stations & sensors
- Real time central data management software

NUCLEAR

Vehicle & pedestrian access control Loads & luggage control

Radiation portal monitors

- Detection & identification of illicit radioactive material
- High sensitivity
- Continuous monitoring (24/7)

Multiprobe survey meter

SaphyRAD MS

- Wide range of smart probes
- New ergonomic design
- Built in simulation function for training
- Designed for operation in harsh environment

Applications

MILITARY

Securing military bases

National security
outside operations

Operating on the field

CBRN reconnaissance team

Operating on the move

Truck, helicopters, ship

CIVIL SECURITY

Fighting against emerging threats

Non-proliferation
Transport
Border control

Securing critical infrastructures

People protection
Crisis Management

Protecting major events

Facing emergency situations

Contaminated Area
Command post
Victims
