

ALL-IN-ONE SERVICES OFFER

- A comprehensive offer of services and maintenance for radioprotection instruments
- Our polyvalent teams handle and maintain your instruments in order to guarantee the best availability of your devices

MAINTAINING ALL YOUR RADIOPROTECTION INSTRUMENTS THROUGHOUT THEIR LIFE CYCLE

Our comprehensive offer of services supports you
in your overall approach to prevent radiological risks.

TAILOR-MADE ASSISTANCE

Our pluridisciplinary team is at your service:

- *Customer support*
- *Trainings:*
 - *Radioprotection sensibilization*
 - *Handling of our instruments*
 - *Operation and maintenance*
 - *Monitoring and optimization of your contracts*

FACTORY MAINTENANCE OF RADIATION MEASUREMENT DEVICES BY ANY MANUFACTURER

Our specialists are available at each step of maintenance:

- *Non-contamination control*
- *Traceability of operations*
- *Preventive maintenance / Periodic regulatory control*
- *Corrective maintenance*
- *Control in irradiation, metrology, verification and calibration*
- *Labelling, finding, shipping*

ONSITE CONTROL AND MAINTENANCE

Our experts are trained and certified to quickly intervene in your facilities in compliance with your operating constraints

- *Onsite intervention and reparation*
- *Periodic control of the equipment*
- *Preventive maintenance of the equipment*

PARTNER FOR THE MAINTENANCE OF YOUR RADIATION MEASUREMENT DEVICES FOR MORE THAN 60 YEARS

Cutting-edge infrastructures

Calibration center for ionizing radiation measurements instruments

2 irradiation casemates (dosimetry & radiometry) in our Thiron-Gardais (France) facility

Accreditations

Our customers' trust is essential. Therefore we work everyday to offer quality services that respect radioprotection standards and specific accreditations. Our personnel is continuously trained.

- **Technical rigor and measurement control:**
 Certified CEFRI | CAMARI Habilitation |
 Accredited COFRAC for calibration ISO 9001 |
 ISO 9001 (Bureau Veritas Certification) | ISO
 14001 OHSAS 1800

- **Respect of the réglementation:**
 ASN authorization to possess and use radioactive sources

Bertin Instruments & Saphymo are brands of Bertin Technologies. The organization holding the accreditations & certifications is Bertin Technologies for its Thiron Gardais facility (28 480). COFRAC accreditation for ionizing radiation N°2-6158 for the Thiron-Gardais laboratory. Available on www.cofrac.fr
